LUXAPOOL CONCENTRATED POOL WASH

DESCRIPTION

Luxapool concentrate wash is a non caustic amine detergent concentrate specially formulated for removing body oil and sunscreen residues prior to commencing any surface preparation for any Luxapool finish.

APPLICATION

Always add the detergent to warm water. 500mL will make up to 20L of wash solution and 5L will make up to 200L of wash solution.

Empty and drain the pool of water and use a stiff broom to scrub onto the pool surface, paying attention to step and corner areas. Rinse thoroughly with clean water and allow to dry, before continuing with pool preparation prior to painting. Full details can be found in the relevant application guide from our website.

PACKAGING

Available in 500mL and 5L plastic re-sealable bottles.

PRECAUTIONS

- Risk- irritation to eyes and skin. In case of contact, rinse immediately with plenty of water.
- Wear suitable gloves and protective glasses.
- Spills and disposal- slippery when spilled. Wear protective equipment to prevent skin and eye contamination.
- Contain – prevent contamination of drains and water ways. Use absorbent material to contain.

FIRST AID

Ingestion – rinse mouth thoroughly with water and give water to drink. DO NOT induce vomiting

Skin- wash with soap and water and rinse thoroughly. Remove contaminated clothing and wash before re-use.

Eye – Immediately irrigate with copious quantity of water with eye lids held open. We recommend seeking medical advice in all cases of eye exposure.
